HEAD OF SCHOOL FOR RETARDED CHILDREN SPEAKS

On Friday night, March 25th, Mrs. Winifred Stewart, Principal and Founder of the Winifred Stewart School for Retarded Children in Edmonton was the speaker at a public meeting held in the Elementary School Auditorium in Drayton Valley. The meeting was sponsored by the Women's Institute of Drayton Valley.

Mrs. Stewart told of her work among retarded children. A long-ignored issue, Mrs. Stewart was attracted to work among retarded children when their son, due to a brain injury at birth, turned out

to be a retarded child with a very low I.Q. She started the school in Edmonton as a dedicated project to help her own child and other children as well as make adjustments to normal living; stressing vocational teaching particularly.

The school has 100 children at present, divided into nine classes. There are fourteen regular teachers and 20 volunteer assistants. Mrs. Stewart is principal. Among those whom the school is teaching are many who are very seri-

ously severely retarded, some with I.Q.'s below 50. Most of them are the result of brain injuries of various kinds, cerebral palsy, etc. The program is set up to fit the retarded for the environment in which they will live after they leave the school. Some spend years in the school.

The school accepts retarded children from ages five on up; six who are still in the school are over twenty-one.

The school is now receiving help from the Department of Education (cont. page 3, col. 1)

BLOOD DONOR CLINIC MAKES QUOTA

Drayton Valley went over the top in its quota for the Blood Donor Clinic last Monday, March 22th.

The quota was 300 donors; a total of 335 had given blood by the time the Clinic closed on Monday evening.

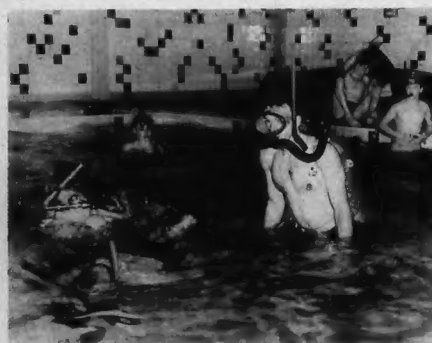

The Red Cross unit that came out here was unavoidably short of beds so the group that was taken through the Clinic on Monday afternoon and evening was just about all they were able to handle. In the evening session, particu-

larly, long lines stood, waiting their turn to donate. It is expected that next year the Red Cross unit will have more beds and will be able to handle a larger number of donors.

Mobil Oil Pagans Club again took the plaque for the largest number of donors registered for their group. Only one point behind was Drayton Valley Lions Club. At the Blood Donor Clinic last year also, the Mobil group beat the Lions by one.

SCHOOL PLAYS PRESENTED

"Two School plays put on by the Students Union of Drayton Valley High School provided good entertainment for those who were in the Elementary School Auditorium on Saturday evening March 26. One of the plays, "Dusty Valley" had been written by local talent. First play of the evening was "Meatwhale, Back at the Ranch", taking part in the play, as "Slim" was Vern (cont. same page, col. 4)

Skidnivers from Drayton Valley went into Edmonton to try their skill and new equipment in the Transcan pool. Nine adults and three juniors made up the Drayton Valley party that went in last Thursday.

Seen in the picture is Roy Cioch of the Royal Bank with the soccer, Ross Melton and Mike Holder. Skiddiving enthusiasts Curt Clauson took the picture.

District Personalities

Photo by Curt's Studio.

Mr. Leonard Bannard.

Born in London, England, Len Bannard came with his parents to Canada, settling in Edmonton, when he was two years old. Mr. Bannard, Sr., worked for the C.N.R. in Edmonton. Leonard attended school in Edmonton and lived there until he came to Drayton Valley five years ago.

After he got out of school he worked for the old Ramsey Department Store for three years. The T. Eaton Company later bought out the Ramsey store. Following his three years in the mail order department with Ramsey Mr. Bannard went to work for Canada Dry Bottling Company in Edmonton, where he worked for eighteen years, doing just SCHOOL PLAYS PRESENTED

Bartlett; "Bonny" was Jane Schoen; "Mr. Lash" Bryant Bennett. The parts as "The Cowboy" were played by Billy Bils, "Buck", Dickie Ferguson, "Tex", and Gary Bell, "Fido".

The second play, "Dusty Valley" had a much larger cast, consisting of Allan Lauder, as "Paw McCready", Paulette Meunier, "Maw McCready", Evelyn Ky-

nock, "Jeanie", Michael Davis, "Hank", Billy Hamilton, "Ted Jones", Jean Krenenberg as "Maw Jones", Nigel Kay as "Leb Jones", Bob Andersen as "John McCready", and Beverly Endicott as "Mary". Playing the part of Square Dancin were Cheryl McQuail, LeAnne Williams, Gayle (cont. page 3, col. 1)

about everything there was to do around the plant except to drive a sales truck. From Canada Dry he went to the New Method Laundry, to manage their newly acquired laundry and dry cleaning plant in Western Canada. He managed the Alberta Laundry plant for eight years and then came to Drayton Valley to set up his own dry-cleaning plant in B55. The previous year he had started the laundry truck route in Drayton Valley from the Alberta Laundry, so he realized the potential of this area.

For the first three years he rented a shop, and then bought the former Drumstick Cafe building in 1956. Mr. Bannard is planning another expansion in the future when he will put in a Laundromat, with 15 units. The Laundromat will be open about eighteen hours a day, according to present plans. He purchased a house some months back and has plans complete for the new home; when it is completed Mrs. Bannard and the rest of the family will move from Edmonton to Drayton Valley.

Mr. Bannard married Miss Edith Pollard in Edmonton in 1938. They have four children, Gary, who is working with his father in the shop, Brian, Jack and the youngest, Janet, aged 11; the three younger children are all in school. Mr. Bannard has always been very "community-minded" since coming here and has given generously to many community projects.

REPORT FROM LEGISLATURE

By Mrs. C.R. Wood,
M.L.A.

During the first week in the Legislature, the members settled down to their first consideration of departmental estimates under the Committee of the whole Assembly. On Monday the longest debate centered around the estimate of \$182,700 for coal research under the Research Council of Alberta. Rev. E.S. Hansell (S.C. Okotoks-High River) maintained that coal was in its way out, to be replaced by nuclear energy. This led J.C. Landeryou (S.C. Lethbridge) who said it would be a long time before coal would be replaced by nuclear energy and if the federal Government would secure even one percent of the world market for coal, it would be enough to put the industry on its feet in Alberta.

Hon. Gordon Taylor entered the discussion too and stated that there certainly was no reason why the Alberta Coal industry should die when about 15,000,000 tons of coal are imported from the U.S. every year.

Also discussed under the estimates for the Research Council, was the output from the Athabasca oil sands containing the world's largest known reserve of crude oil. Premier Manning stated in reply to questions, that for the present, the government was not in favor of speeding up commercial development, but wanted to prove that the operation of extracting the oil was economically feasible.

While studying the estimates of the Attorney-General's department, Ernest Watkins, P.C. Calgary (Glenmore) asked whether the police were given any instruction on how to handle lotteries, and games of chance. Premier Manning in his capacity as Attorney-General answered that the Criminal Code was very ambiguous, but as far as his department was concerned police forces would not be instructed to shut their eyes to any violation of the laws.

In answer to M. Macgregor (Lib. Lac La Biche) who commented on the games of chance at Exhibitions, Premier Manning said, that the Federal Parliament only could change the law and he found it ridiculous that games of chance on exhibition midway are legal because they are run in support of agricultural fairs, while the same games are illegal when held elsewhere.

Drayton Valley, Alberta, Phone 370.

Tuesday, Hon Gordon E. Taylor continued the debate on the private member's motion proposed by Rev. E.S. Hansell (S.C. Okotoks-High River) asking for reform of the monetary system. Mr. Taylor told of the "booms and busts" of the past generations and how young men in the last war gave their lives and all that is dear to them, in hope that never again would people desire goods while other people were in want. He gave a vivid picture of the depression years and then, he said, suddenly when war was declared, the government got plenty of money created by the banks and paid interest to them.

Strange that money can be plentiful in war time, but hard to get in peace time he said. In 1959, the federal government paid \$800,000,000. Interest on the National debt, without paying a cent on the principal, Mr. Taylor declared. It is ridiculous, he said, that in this nation of abundance there should be 800,000 unemployed and in various cities in Canada bread lines should be again forming. It is time, he said, that Social Credit principles were used to scientifically distribute the abundance made possible by science. Mrs. Rose Wilkinson (S.C. Calgary) adjourned the debate.

The resolution asking for a plebiscite on daylight saving met a 50 to 7 defeat after members representing cities and rural areas expressed the reasons for and against the need for daylight saving in Alberta.

Wednesday was devoted to second reading of 42 Bills. In dealing with the principles of Bill 95, The Industrial Taxation Act, Hon. A.J. Hooke Minister of Municipal Affairs, who is sponsoring the Bill, explained in detail the background and need for the tax and stated that it would take certain major industries off the municipal tax rolls and a province-wide uniform assessment and will rate would be made by a committee set up to make the adjustment. The proceeds would be returned to the municipalities on the basis of 30 percent to the municipality and 70 percent to those supplying services to the industry and its workers.

It is not a new tax to increase Provincial revenues for all the funds collected under the Tax plan, will be municipal funds and no one but the municipalities involved will receive any share of them. Such plants as Sulphur,

time and cement plants, petrochemical plants and refineries are the major industries coming under the Bill.

The committee studying Public Accounts devoted some time Wednesday morning to Town Planning after Rev. E.S. Hansell questioned the use of the department and the expenditures connected with it. Hon. Gordon Taylor defended the department and stated that there was a great need for the planning and for increased open spaces where possible. His department is finding this to be too true with this program of street paving and sidewalk construction. Far too many towns have just grown up with no grade line having been established. If it now a costly procedure to prepare for these facilities, he said.

The Private Bills Committee hit a snag on a Bill asking exemption for land to be used for building dormitories on Canadian Union College property at College Heights, Alberta. The Bill was held for a revision of amount of acreage for exemption. Four other bills were approved and reported to the Assembly for consideration.

Thursday evening, at the second sitting of the Session E. Watkins (P.C. Calgary-Glenmore) moved seconded by M. Macgregor (Lib. Lac La Biche) the second reading of Bill 95-The Industrial Taxation Act, he held for a year. After Premier Manning in his contribution to the debate stated that this legislation should have been passed five years ago, the motion was lost and the Bill was given second reading.

It was explained that the two pieces of legislation to be brought down would give municipalities the right to tax pipelines and powerlines within their areas and while not connected in any way with Bill 95-the Industrial Taxation Act, additional revenue from these would give any municipalities suffering loss through the

Industrial Taxation Act, some additional revenue which together with municipal grants should take care of any loss.

Another Bill that was held up by lengthy debate on second reading was the Communal Property Act Amendments dealing with the Hutterite situation in Alberta.

On Friday continued study of the estimates was made and during the week approval was made of the spending of \$2,791,700 on Public Debt repayment, \$5,228,568 on work of the Department Council, \$989,570 under legislation, \$3,150,085 for Attorney-General's Department and \$1,993,591, for Agriculture.

For the Department of Education \$67,650,186, was approved. In the discussion on this estimate,

Rev. Hansell urged that the Department of Education take a careful look at the educational system in use in Alberta, to make certain that socialism is not creeping into it. He declared that this Social Credit government with its philosophy, its principles and leadership is "the last bastion of Freedom", and urged that it be kept so.

"Jim likes to relax with a cocktail before dinner."

Letter To the Editor:-

Dear Sir:

The exordium, amorphic dynamism and schizoidism of African dreams; the sharks and barracuda of African seas; the broken bottles, submerged auto wreckage and typhoid bacilli of Canadian rivers; the parasite infestations, weeds, beer cans, fish hooks and 75-horse power four-in-line power-happy boatloads of Canadian lakes all these have I heard and will continue to have in order to have a swim, but I still think that Drayton Valley has reached the stage where a swimming pool is a necessity now, and my three teen-agers now think the same, only more so.

Speaking of teen-agers, we have had many comments on what they should and should not be doing, so one more guess can do no harm. It has occurred to some of us that if yet another "recreation hall" was provided there would be much adult activity trying to start teen-age photography, ping pong, stamp collecting and other hobbies but the TA's themselves would smile tolerantly and patiently, and continue with their dancing.

Might we not hear from teenagers themselves how they feel about a swimming pool? Perhaps I would not make such a dangerous suggestion if I didn't feel reasonably certain already what their feeling is.

H.C. Maclure,
Box 560,

Now that the High School gymnasium is nearing completion, all the Students are beginning to feel the excitement of the fast approaching April Prom. To be held on the 29th of April, this year's April Prom promises to be bigger, and even better, than it was last year, if that is at all possible.

Arrangements are being made to "book" an orchestra for the dancing pleasure of everyone -- young and old alike, and the entertainment part of the evening is shaping up very nicely.

Also shaping up are many of the girls from the High School who are taking part in the Chorus. Janet LaTochy has placed herself on the executive committee so that she'll be in prime-shape for her parts in the various dance and musical arrangements. All of these arrangements contain the girl's own ideas providing for some very exciting effects. Of particular interest to the boys will be their arrangement of

"Tegulls", they promise, to let's not let them down. Plan now on being in attendance.

Adults that do not have students in High School, but would like to attend this "once in a year affair", should forward their requests for special invitations to the Students Council. We'll be more than happy to send you your invitations. Unfortunately, the dance is open to only people that do have invitations so get yours early.

Last Saturday Night's "Trams Night" proved to be very popular, thanks to all you wonderful people who braved our "cool spell" to attend. Members of the Edmonton Barbershop Chorus remarked upon the warm welcome they received and expressed their wish that they would be able to return in the very near future. We hope that we can bring them back very soon and that they receive the same warm response.

Until next week, adieu amigos.

D.V. Highlights

By: Edith Delby

Mrs. William Woltschlager will leave on Thursday for a two months visit with her sister and brother-in-law, Mr. and Mrs. Carl Staben, in Monemorello, Mexico. On her way home she

line is forming to the right.

Usually we accept with out question anything appearing in the P.N.A., but, please, Mr. Editor, what is used vegetable juice?

The Heylands have been rather rough on themselves lately. Bonnie broke her arm at the skating rink and Burt hurt his leg so badly while caring that he had to have an operation.

Mrs. and Mrs. Norman Butler are visiting in Drayton Valley this week. Mrs. Butler is well known by many of the young fry in Drayton Valley for she was always so helpful to them when she worked in the library.

Mrs. Winifred Stewart, Principal and Founder of the Edmonton School for Retarded Children spoke to an interested group in the Public School Auditorium last Friday night.

Mrs. Stewart improved everyone the most with her charm and devotion to her self-appointed task.

will visit relatives in Oklahoma, Kansas and Nebraska.

EDITORS NOTE:
We presume our advertiser had 3 good reasons:

1. He wanted to make folks ask questions.
2. He wanted to see how many folks read the P.N.A.
3. He must have reason.

The sports car owner was giving a friend his first ride in one of the loaning models. The friend appeared to be puzzled so the driver asked what was wrong. "I can't figure out what that long wall is which we've been passing." "That's no wall," snapped the driver, "it's the curb."

REPORT FROM PARLIAMENT HILL

By Hugh M. Horner, M.D., M.P.,
Jasper-Edson.
House of Commons
Canada

Recently the Estimates Committee of the House has been considering the estimates of the Department of National Health and Welfare. In a previous report I outlined the benefits from the Health standpoint from the Federal Government. In this report I would like to cover the Welfare side.

First, there is the Old Age Assistance, which is the pension paid to those between 65 - 70 with a means test. The following figures show Federal participation in this regard, which amounts to 50%.

Second, there are the Blind Persons Pensions which are paid 75%

by the Federal Government, as well as the cost of examination. Third, there is the Disability Allowance, which is 50% a Federal responsibility.

Fourth, one of the most important is the Unemployment Assistance Act. This covers payments to people who are unemployed for a number of reasons and covers that gap where a person cannot qualify under any of the other Acts. This Act was amended by our Government in 1956 so that Alberta could enter. This was done by removing the 40% of the population receiving assistance regulation. The Province now uses this Act to recover approximately 50% of the costs under.

their Disability Pension Act as well as relief costs which they pay to municipalities and towns. Total gross here will amount to approximately \$3 million. Note the jump from 1956-57 to 1957-58 when the Conservatives took over.

As well as these payments directly to the Province in their welfare program, the following are the figures for Family Allowances and Old Age Security which are paid directly to the people receiving them. Again, it is interesting to note the jump in these payments between 1957 and 1958 when the Conservative Government took office. The following figures are only for the Province of Alberta.

Disability Allowances	Number of Recipients	Avr. Monthly Allowance	Federal Payments
1956-57	1,245	\$38.17	\$278,592.78
1957-58	1,492	\$3.59	\$96,826.02
1958-59	1,858	\$3.09	\$15,931.80
Blind Pensions			
1956-57	418	\$9.35	\$19,670.53
1957-58	451	\$5.63	\$18,004.02
1958-59	466	\$3.22	\$23,720.72
Old Age Assistance			
1956-57	5,400	\$6.14	\$1,250,050.48
1957-58	5,715	\$1.33	\$1,538,750.61
1958-59	6,096	\$0.62	\$1,877,243.00
Old Age Security			
1956	48,163		\$2,870,827.00
1957	50,594		\$2,942,472.00
1958	53,319		\$3,443,217.00
1959	55,968		\$6,654,769.00
Family Allowances			
1953-54			\$2,906,080.30
1954-55			\$2,390,455.00
1955-56			\$2,752,793.00
1956-57			\$2,963,311.00
1957-58			\$3,029,700.00
1958-59			\$4,122,637.00

Oil Wives' MEETING

Drayton Valley Oil Wives' Club met on March 14th at the Community Hall on the occasion of their 2nd birthday. There were approximately 140 members and guests present. Chinese food was served and individual birthday cakes were eaten after singing the Club theme song "Oil on the Range and 'Happy Birthday'". A short business meeting was held and nominating forms

were passed out for executive elections in May. Program convenor, Mrs. Lil Ross presented the numbers for the talent show. The first was a quartette of Partisan dances, Naanette Dair, Doris Pollard, Mary Costello and Lori Clermont. This number was followed by Ev Haines and Jerry Goodell. Twinkle Toes (Robbie Holder) and mother (Mollie McDonald) pantomimed a very amusing number. Marg Walters, Ruth Gorris and Daffene Aday teamed up for a few musical numbers. The last selection for the evening consisted

of a number of girls taking part in hilly type musical numbers. Instruments ranged from washboards to sink plungers. The next meeting will be held on April 11th.

2-1955 Chevys. Choice.....\$1095.00

Have you ever felt sheer power? You would here, just as our touring family, the Browns, are doing, in front of one of the original generating units at the Horseshoe plant. The Horseshoe station was built in 1911 to serve the City of Calgary, and is the oldest plant on the Company's system. To-day, there are 11 hydro-generating plants on the Bow River System, contributing over

300,000 horsepower of electrical energy to serve your personal wishes and the bounding needs of Alberta industry. This one generator, powered by falling water, produces 5,000 horsepower; more than 25 modern automobile engines put together! Dianne Brown realises that a very small part of this power is probably cooking her supper in the electric oven at home this minute.

Serving the province of ALBERTA

R.C.M.P. NEWS

In the first two months of 1960 on the roads and highways in Alberta, 37 of the R.C.M.P. 22 people have been killed in 19 accidents. In the same period in 1959, 16 people were killed in 16 accidents. Although this is not considered to indicate a trend these figures do point up the awful responsibility of the driver who is conveying a number of passengers.

In 1959, 165 fatal accidents occurred on rural roads, 103 of which involved only one car. Collisions between trains and motor vehicles killed 13 people. In every case of a one car accident there was excessive speed for road conditions or some form of recklessness or carelessness. In all car train collisions there was a degree of inattention or recklessness. Everyone knows that if he rolls his car over at a high rate of speed, none into a train or a bridge, the chances are that he will die. Further, everyone who can read has seen newspaper and other articles explaining that accidents are caused and don't just happen. He has also read and heard over the radio that the death toll on Alberta Highways is ghastly but

unnecessary.

We will never know how many lives have been saved through the impression that these safety messages and programmes have had on sensible people but we venture to say that the number is substantial. However, the people who are killing themselves and others have not been impressed by these warnings and advice nor by reason itself. If this is so then we can only look to strict enforcement as a possible curb. This has been an important factor in every Province or State where any headway has been made in reducing fatalities.

Unfortunately the highway patrolman cannot look at a car and know whether the driver is a potential killer. Consequently when enforcement is strict the safe driver is likely to suffer some inconvenience because he must travel the same roads as does the reckless driver. However the price may not be considered too great if it brings him some measure of protection against the transgressions of the irresponsible.

The R.C.M.P. Police Highway programme for this year will in-

clude an increase in manpower and equipment, more radar activity and the abolition of warnings for moving violations. Unmarked cars will be used and strict enforcement will be applied throughout all areas of R.C.M.P. Police responsibility.

Cheese and Crackers

Once I heard a speaker tell the following story. A certain woman had long wanted to take a cruise and had saved her money to that end. Finally the day came when she was able to purchase a ticket for the much-desired voyage.

As she carefully planned for the trip she said to herself, "Of course it would be wonderful to eat in the dining room on the boat. I would have money enough to eat all meals there, but I can take some cheese and crackers along for the first part of the trip and then I can go to the dining room for the last meal. I'll have money enough for one meal on the boat."

In high spirits the good woman set out for the thrilling experience of her first water trip. At mealtime, after faithfully watching the other passengers file into the dining room, she would go off into some corner and eat her cheese and crackers, trying all the while not to be envious.

Then the last day arrived, and time for the final meal aboard ship. She went to with the other passengers "to eat in style," as she put it.

It was one of life's big moments for her, and she lingered long to enjoy it. When she had at last finished to meal she sat patiently waiting for her check, but when none was presented to her she beckoned the waiter, and asked for it. "Let me see your ticket, madam," said the waiter, and when she handed it to him he gave it back with "Madam, all you meals were included in the price of the ticket."

Of that woman, without hesitation, we say: "How stupid! Why didn't she look at her ticket? Or why didn't some other passenger tell her she could eat on the boat?" But of ourselves what do we say?

Are we not all passengers on God's big universal ocean-going liner? In our ignorance of what our ticket includes do we, like the woman in the story, eat "cheese and crackers"?

"Come! for all things now are ready."

"It is your Father's good pleasure to give you the kingdom."

"Hitherto have ye asked nothing. . . Ask, and ye shall receive, that your joy may be made full."

"Ye have now seen, nor ear

heard, neither have entered into the heart of man, the things which God hath prepared for them that love him."

And yet we do stick to "the cheese and crackers!"
Grace A. Thompson; Weekly Union.

The ALBERTA BIBLE INSTITUTE CHOIR

The Alberta Bible Institute Choir who presented an evening of Sacred music on Friday, March 25th in the Drayton Valley Church of God.

On Friday March 25, the Alberta Bible Institute Choir from Camrose, Alberta presented an evening of Sacred music in the Drayton Valley Church of God. There was a real variety of music from Classics to a Medley of "Children's" Songs which the small fry enjoyed very much. Such favorites as "There is a Balm in Gilead," "Jesus, Savior, Pilot me," "How Great Thou Art" and "The Ninety and Nine" brought the nearest of God to much closer to the congregation.

The Provinces of Alberta, Ontario, Saskatchewan, B.C. and Manitoba were represented in the choir not to mention North Dakota.

After the program was over a supper was served in the basement of the Church with the Top Team doing the serving.

Community Cooperative Lenten Services

APRIL 6 & 13.
Time: 7:00-7:45 p.m.

The first of two services in this Lenten Series will be held at the Church of God with Rev. Albin Wright, Minister of the United Church as speaker.

The United Church and the Church of God in Drayton Valley are having these cooperative services together for the two consecutive Wednesdays starting April 6, to properly focus before God in hymns of the great sacrifice that Christ made for all mankind on the cross.

We invite you, regardless of what fellowship you belong to, to worship with us as we lift our souls, minds, and voices before God in hymns of adoration and praise, in the reading of the Bible and in the listening to his spirit speaking to us through the sermon.

The time of the Service is 7:00 p.m. - 7:45 p.m. This time will allow all to attend and yet not interfere with previous commitments.

TE ARE BOUGHT WITH A PRICE.

THESE GLORIOUS GOD IN YOUR BODY, AND IN YOUR SPIRIT: WHO ARE GOD'S? 1 Cor. 6:20.

THE ONLY BULLET

Left to our own failings and weaknesses, we would all be reason to despair of ourselves, resigned to an eternal witness of hopelessness.

But in the dead of the year's winter consider the ugly bullet. It lies dormant in the soil, and those who pass by are not even aware of its exist. Yet, soon the loving hand of God will reach down and transform that bulb into one of His loveliest creations — and all who pass will stop in awe and admiration. Even so does God stand ready to bring the spring of forgiveness into our lives. Planned firmly in the soil of true repentance, fed by the word made flesh, every ugly bullet of a soul-yearns and mine-will, in due season, flower forth in breathtaking beauty.

THE Editor's Viewpoint

Just in time for Canadian Library Week, April 3 to 9, the Drayton Valley Library Board is moving into its new quarters in the brand new Town Hall. The move is now underway and the library will open for the first time in the Town Hall on Tuesday, April 5th.

Canada has often been regarded as a country of non-readers. Recent surveys have shown that we stand 14th among the world's nations in the number of bookshelves per capita. We have an unfortunate reputation in this respect, apparently. The well-known author, Nicholas Monsarrat has said: "I find that Canada has the worst reading country in the world. The per capita book consumption here is lower than anywhere else."

It might be replied that Canada is much too busy growing to be interested in reading at the moment. We could point out that the United States has even fewer bookshelves per capita than we have. We might say these things, but we would be doing ourselves an injustice. What are the facts?

The Canadian Library Council reports that more people are borrowing from libraries than ever before. In many sections of the country library circulation has risen by as much as 50% since 1945, the Council states. The number of borrowers has increased by almost 60% in many areas.

Our library is much too new and young to have many figures on the book borrowing habits of this district, but our library is growing all the time, and the list of book-borrowers grows, too. Let's make use of our library! If you haven't done so in the past, make a habit of it in the future. It will do you good.

If the very small number of people at the public meeting to discuss further the Recreational Grant, held in Ellis Hall, last Thursday night, March 24th, was any indication of interest in this matter it can't be very great.

Apparently folks are not too concerned about how the money is spent. If this is the case it would appear that the best thing to do would be to let the Town Council handle the matter, in conjunction with members of the newly formed Recreation Board.

Among the members of the new Recreation Board is Mr. Pete Nebo, representing the Lions Club; Mr. Sid Mitchell, representing the Rotary Club; Mr. Bert Denters, representing the Town; Mr. Stu Long, representing "We, the People" and Mr. Jack Falls, representing Drayton Valley Athletic Association.

SILVER WEDDING ANNIVERSARY

The Lindskoog girls put on a surprise Silver Wedding Anniversary Party for their parents, Mr. and Mrs. Ernest Lindskoog in Rocky Rapids Hall on March 25. Approximately one hundred friends and neighbors were present to wish the Lindskoogs continued health and happiness. The table was graced by a huge two-tiered wedding cake. A local orchestra provided music to which the guests danced. The celebration was a complete surprise to Mr. and Mrs. Lindskoog.

The children gave their parents an eight-piece dinner set. Mr. and Mrs. Lindskoog also received several money gifts and many floral gifts. The Lindskoogs have four children, Elsie, Mrs. Rene Belva; Joyce, Mrs. Bill Kurus; Carole and Cliff. They were all present for the party.

From Scoop's Notebook

The Barbershop Chorus gives with the melody at the School Auditorium on Saturday night last.

A scene from "Meanwhile Back on the Ranch" a play presented by students of the High School.

Stan Urm, uncle to Mrs. Edith Daby, was one of the "barbers" singing in the Barbershop Chorus on Saturday night. A Real Estate salesman in Edmonton, we presume that Mr. Urm doesn't trim his clients.

In Royal Alexandra Hospital recently for an operation was Mrs. Bill Hinkle. Mildred works in the P.O.

Recent returns to Drayton Valley from Detroit where she had been working is Gail Fairbairn.

Headed for Hawaii the long way round is Jack Argent and his wife. They are driving to Los Angeles. From L.A. they take a boat to the Glided Isles. Mrs. Argent's mother is looking after the household while they are gone.

STILL THEY COME AND STILL THEY GO DEPT:

Bill and Kay Gyrdica left on Wednesday for Regina, Saskatchewan. Bill has been transferred to the Saskatchewan City by his company, Mobil Oil. Heading for the Mobil Calgary office is Bachelor Bill Davis, and heading back to Drayton Valley are Mr. and Mrs. Gordon Bowman and family. Goodbye, friends, and welcome, friends!

Jim Mundell, local Health Inspector and Skindiving enthusiast, leaves on April 8th for a trip to bonny Scotland to visit his parents.

With all the Drayton Valley heathens safely converted two local pastors are changing pastorate. Rev. Swinton left for Lac LaPiche, and Rev. Karlan is leaving for Illinois.

CHOIR TO PRESENT EVENING OF SACRED MUSIC

The Concordia Chorists of Edmonton will give a sacred concert in Emmaus Lutheran Church at Drayton Valley on Sunday, April 3. They will appear under the sponsorship of Emmaus Lutheran Church, the Rev. John H. Karlen, pastor.

The concert will begin at 8 o'clock on Sunday evening, April 3, in Emmaus Lutheran Church. The public is cordially invited to hear this outstanding musical presentation.

These chorists are fifty boys and girls from Concordia College in Edmonton. Concordia College is a co-educational residential school organized in 1911 and operated by the Lutheran Church - Missouri Synod. Most of these students are preparing for service in the church, either as pastors or teachers and deacons.

In past years the Concordia Chorists have repeatedly sung over the net work of the Canadian Broadcasting Corporation, and several times they appeared in the Edmonton Jubilee Auditorium.

The program to be presented on April 3 consists of gems of sacred song. Included are selections from such old masters as Bach, Vivaldi, Ippolito-Ivanov, Mendelssohn, Haydn, and Handel. The program is brought to a close with Handel's stirring Hallelujah Chorus.

Conductor of the Chorists is Dr. Albert H. Schweinmann, who has led college choirs for the past thirty-nine years. He is assisted by his daughter Marvilyn Schweinmann, who will serve as accompanist.

The concert will begin at 8 o'clock on Sunday evening, April 3, in Emmaus Lutheran Church. The public is cordially invited to hear this outstanding musical presentation.

OIL WIVES FASHION SHOW

Drayton Valley is getting to be quite a large town, but the Fashion Show presented by the Oil Wives Club of Drayton Valley would have done credit to a much larger town, or even to a city. It was of a calibre that might well have put it in the "big-time". In the price range the clothes that were shown were excellent, the modeling was done with an almost professional touch, and the general motif of the show, back-ground, harmonizing music, and so on were excellently carried off.

Apparel for the show was furnished by H. O. Williamson, Ltd., Ken's Men's Wear, Ann's Fashions and the Hudson's Bay Co.

First theme of the show was on Easter Parade for the Junior Set. Models in this phase of the show included, Cindy Sharkey, Melinda McDonald, Judy Baker, Padily Kane, Rupert Thomson, Gail McManus, Tracy Tolchard, Helel Kalash, Larry Stevenson, Jimmy Kane, Ken Morris, Pauline Renaud, Jan Williamson and Billy Hamilton.

Next scene was a beautiful bridal scene, with lovely Sherry Davies, as the bride, Ursula Garth as Maid of Honor and Little Cindy Sharkey as flower girl.

For all the different scenes of the Show recorded music was provided by Curt Klassen. Mrs. Scott McDonald performed capably as commentator. Mrs. Ken Boling very ably filled the role of Conventor and Mrs. Lil Ross as Program Chairmen.

Betty Lundberg, wearing a shirt waist dress, paisley print, with maroon background, and pink accessories. The picture was taken in the scene "Arrival on the Island".

Shirley Tolchard, modeling an iridescent fern green cotton three piece ensemble. The twins, Kelly and Kim, aged 2 1/2, are wearing a coat and hat set in beige with dark brown trim. The little girl has a plaid tartan skirt and the boy has matching short pants. Minnie in the scene "Arrival on the Island".

Photo by Sue's Studio

Mr. Ernest Berns.

Ernest Berns was born in the section of Germany which is now known as West Germany. He served in the German Army for six and a half years. After the war he was in business in Germany; running a bakery. He came to Canada with his family in 1961, and worked at whatever he could find to do when he first came over here. He settled in the Evansburg region and worked in a lumber mill, and in the bush contracting wood cutting. Another job he had in that area was in a coal mine, and he worked for a while on a bridge gang for the Government Highways Department. When this field was discovered here he worked in the Violet Grove area for Can-Tex on a drill rig.

Four years ago he started the milk route in Drayton Valley, with his son Claus helping him, and ran various beach attire. Part of the scene included what the well-dressed Skin Diver will wear; behind the mask and inside the rubber suit was Skin Diver Roy Gieck.

Scene Three was titled "Some Enchanted Evening" and showed what the well-dressed man or woman might wear for a social evening, with some stunning creations in ladies wear modeled and some very well dressed models in men's wear also.

The Fourth scene was the closing scene of the show, called "Aloha and Farewell". It showed the various models ready to board the plane homeward bound.

Models for the Tropical Isle scenes were Ursula Garth, Jan

that for four years, until he opened up his store, Enrie's Supermarket. Just inaugurating a change in the buying methods for the store, Enrie has joined a group of independent stores for better purchasing values, which will be passed on to the customers.

Mr. Berns married Fraulien Hilgert Daubert in 1953. They have two children, Claus, 20, and Renata, 13. They are very proud of the fact that they have all been Canadian citizens since 1961. Enrie says that he left a good home and a business in the Old Country, but wouldn't want to go back there to live. The Violet Grove area for Can-Tex on a drill rig.
